Troop	Totals	230		380		

This data comes from the VHPA's copy of the Army Goldbook database that contains a monthly report by aircraft of hours flown, accumulative hours on the airframe, and the unit. For all the aircraft assigned to the Squadron during the Fort Knox period and/or aircraft that came on the USNS Breton, the database shows 0 flight hours for October 1968. The first Vietnam hours are shown for November 1968. Data from the VHPA's Helicopter database contains details from accident reports, battle damage reports (including crew injuries) plus aircraft disposition (repaired or removed from inventory). The 'From' unit identifies the unit who had the aircraft prior to it being assigned to this 7/17th Cav unit. The 'To' unit identifies the unit who received the aircraft from this 7/17th Cav unit. The 79th Transportation Company (Aircraft Direct Support) was located at Qui Nhon. LTI means Lost To Inventory. The Army used this term to mean the aircraft was destroyed and therefore removed from inventory.
